

Technology and Innovation

Human adaptation and innovation have resulted in increased efficiency, comfort, and security, and technological advances have shaped human development and interactions with both intended and unintended consequences.

Learning Objective	Historical Developments	Study Guide Notes
Explain the causes and consequences of World War I.	World War I was the first total war. Governments used a variety of strategies, including political propaganda, art, media, and intensified forms of nationalism, to mobilize populations (both in the home countries and the colonies) for the purpose of waging war.	
	New military technology led to increased levels of wartime casualties.	

Respond to the Learning Objective:
